

Guidelines for Use of Electronic Outdoor Sign

The electronic sign (outdoors) located at the intersection of Route 103 and New Cut Road is generally used to post worship times, including special services. On occasion, a ministry may use the electronic sign when the ministry is not using a roadside banner.

Ministry messages are displayed on the electronic sign Mondays through Thursdays only, allowing for worship times to be displayed on the weekends. Although we will try to accommodate ministry requests, there is no guarantee the request will be granted.

To request use of the electronic sign for your ministry, use the Facilities Scheduling Form on the Glen Mar website, www.glenmarumc.org, under My Glen Mar: <http://glenmarumc.org/myglenmar/facilities-scheduling/>

Be sure to scroll to the bottom to fill in the requested display begin and end dates, and your proposed message of no more than 4 four lines of text to display.
