

COVID Vaccination Clinic

Glen Mar is partnering with Howard Pharmacy to support a COVID vaccination clinic for anyone 18 years old and over. The vaccine will be the two shot Moderna type. Everyone is strongly encouraged to register on-line for an appointment. The appointments are scheduled on a first come first served basis. A limited number of walk-ins will be accepted, but only as unfilled appointments allow. Please bring your identification and health insurance card if you have one. The shots are free to everyone. The vaccine will be administered at Howard Pharmacy.

There are approximately:

- 50 appointments on Saturday, May 1, 2021 (from 9:45 AM to 2:15 PM)
- Please register at <https://vaccine.howardrx.com/> .
- Visit us at: <https://glenmarumc.org/gmcevents/covid-vaccination-clinic/>
