

## GLEN MAR MISSION MINISTRIES POWER TOOL AGREEMENT

To: All parent(s)/guardians of youth participating in any 2020 Glen Mar UMC Youth Mission activities.

What: Notification regarding limitations of liability of Glen Mar's insurance

The insurance company for Glen Mar UMC, has notified us that they will not be liable for any injuries sustained by working with power tools by persons under the age of eighteen (18). Every participant in a mission activity is required to have insurance of his or her own. Usually this coverage is from a parent. The church acts as a secondary insurer. This announcement by the insurance company means that in the event of an injury to a youth while working with power tools they (the insurance company) would not have any liability.

Because of this, it is necessary to have specific permission for each youth under the age of eighteen to allow them to work with power tools. Tools that might be used during mission activities include circular saws, drills, reciprocating saws, miter saws, jigsaws and the like. Youth will only be allowed to use power tools after proper instruction, and under adult supervision. Youth must wear proper eye protection at all times while operating power tools.

**YES** Having read the above information, I give permission for my child to work with power tools during their 2020 mission activity:
